

SYDNEY CFMEU CONSTRUCTION EBA RATES OF PAY

Rates payable from the first pay period on or after 1 March 2006

THE CFMEU negotiates extra wages for union members. The majority of members are paid well above the rates of pay applicable under the awards.

Hundreds of companies pay in accordance with the wage rates outlined in this CFMEU EBA rates of pay sheet. These rates and pay scales are included in most union

negotiated agreements.

In addition to these rates the union negotiates extra company productivity allowances are payable in many EBAs.

Also, in union negotiated EBA's there is extra superannuation and often redundancy benefits and a fares and travel allowance above the award rate.

If your boss is paying less than these rates you should contact the union and assist in campaigning for a union-negotiated EBA with your company.

All members are encouraged not to sign or work under individual contracts (AWAs).

Rates applicable from 1 October 2006

SITE ALLOWANCE: NOW BANNED BY HOWARD!

The CFMEU had negotiated the following site allowance matrix with major employers. The Howard Government has now banned payment of site allowances on all new projects. If a builder agrees to a site allowance that builder is blacklisted and banned from working on all government contracts in Australia. The Howard Government is directly responsible for this wage cut. Vote the Liberals out at the next federal elections.

Value of project	Site allowance per hour	Value of project	Site allowance per hour
0-5 million	by agreement	50-100 million	\$2.00
5-10 million	\$1.00	100-140 million	\$2.50
10-25 million	\$1.25	140-180 million plus	\$3.00
25-50 million	\$1.75		

If a project is worth more than \$180 million Unions NSW and building unions reserve the right to make a claim of in excess of \$3.00 per hr.
